

COUNTY OF CARTERET  
BOARD OF COMMISSIONERS  
REGULAR SESSION  
FEBRUARY 17, 2003

The Honorable Board of Commissioners, County of Carteret, sat in regular session on February 17, 2003. Present were Chair Bettie H. Bell, Vice-Chair Jonathan Robinson, Commissioners Lynda Clay, Ray Muns, and David A. Wheatly. Commissioners Doug Brady and Jack Dawsey were absent.

1. MEETING CALLED TO ORDER/INVOCATION/PLEDGE OF ALLEGIANCE

Chair Bell called the meeting to order and Commissioner Robinson gave the invocation. All present recited the Pledge of Allegiance.

II. ADOPTION OF AGENDA

Chair Bell asked that the agenda be amended to include Mike Addertion under the Manager’s Report.

**Motion**-Commissioner Lynda Clay moved to approve the amended agenda. Commissioner Muns seconded.  
**Motion carried unanimously.**

The agenda was as follows:

COUNTY OF CARTERET  
BOARD OF COMMISSIONERS  
REGULAR MEETING  
COMMISSIONERS’ BOARD ROOM  
FEBRUARY 17, 2003  
6:00 P.M.

	a. Emergency Services Report	Mike Addertion
VIII.	Appointments	Board
IX.	Closed Session Pursuant to G.S. 143-318-11 for the Permitted Purpose of Discussing Contract Negotiations	Board
X.	Adjournment	Board

### III. CONSENT AGENDA

Chair Bell asked that the Consent Agenda be amended to include a resolution supporting the creation of the Citizen Corps Council as consent agenda item # 6.

**Motion**-Commissioner Lynda Clay moved to amend the consent agenda. Chair Bell seconded. **Motion carried 3-2, with Commissioners Robinson and Wheatly opposed.**

Chair Bell asked if there was any discussion of the Consent Agenda. David Wheatly said that in all fairness this Resolution that was added was the first the Commissioners had seen it and wanted to know if it had been discussed at any meetings or workshops before tonight. Chair Bell addressed his concerns, stating that it hadn't been previously discussed. She explained that this was the creation of a Citizen Corps that is State funded to provide schooling for those who wanted to learn to train volunteer citizens in our County to provide assistance during a disaster. Chair Bell stated that Mike Addertion was in attendance and asked if he would like to expound on her explanation.

Mike Addertion stated that this is part of the four (4) part initiative by President Bush after the September 11<sup>th</sup> attack. President Bush asked that all citizens of the United States give 4,000 hours in the next couple of years to their country. Citizen Corps, FEMA and the Department of Justice established four different groups that are forming and organizing volunteers to work with the police department, organizing community watches, or a list of medical volunteers (i.e., retired nurses). It is an all-volunteer group and there will be no cost to the County. The RSVP group of Carteret County is the lead agency in this and they are spearheading an effort to enlist people that can be on call. Mr. Addertion said RSVP spoke at the Terrorism Group last Thursday, February 13<sup>th</sup> and thought it might be beneficial for the County Commissioners to adopt a resolution in support this group in an effort to generate interest from the public.

Commissioner Clay stated that she sits on the Advisory Council for RSVP. Patricia Red is the Director of RSVP. They have been working in conjunction with Fay Stone with the State Citizens Corps for about five (5) months. The County will receive over \$19,000 to promote this program. The RSVP program, which is the Retired and Senior Volunteer Program, has already applied for the grant.

Commissioner Robinson was concerned about where the equipment on the list was going to be housed and how would be utilized. He wanted to know if the same thing could be accomplished with existing fire department equipment. Commissioner Clay stated that the equipment list wasn't part of the Citizen Corps Resolution and the equipment comes under EMS, Mike Addertion. She said the Resolution and the second sheet pertaining to Citizen Corps. Commissioner Robinson stated it had a \$19,258 price tag and he wondered who was going to pay for it. Chair Bell asked Mike Addertion to elaborate further in regard to the list. Mike Addertion stated that the \$19,200 grant is being administered by the Federal Department of Justice, which has finally trickled down through the State to the County. Only equipment related to Bio-terrorism preparedness could be purchased with the money. The Bio-terrorism Committee decided that one of the County's weaknesses was the ability to decontaminate people, so a grant was submitted for \$19,200 for decontamination equipment.

Commissioner Wheatly expressed concern that items like water hoses were on the list. Mr. Addertion explained that the hoses weren't so much water hoses as they were portable showers that could be hauled to a location and set up for decontamination purposes.

Chair Bell mentioned that the Bio-terrorism group was a group formed by the County and all County Commissioners were invited to the meetings. She said at the last meeting there was a briefing to let the County know what was going on and the reason for the list of equipment. Chair Bell encouraged all the County Commissioners to attend these meetings, if at all possible. She believed they would find that a lot of their questions would be answered at that time.

Commissioner Robinson questioned whether the scope and authority of the Citizens Corps Council would supercede any existing advisory boards that were now in place to deal with emergencies. Mr. Addertion stated that the Citizens Corps is a group of volunteers that would fill-in necessary government positions when and if a big disaster should occur. An example would be to pre-train volunteers to do paperwork at Police Departments. That would free up the Police to be out on the street. Mr. Addertion said it does not supercede anything that is already being done and isn't in competition with anything the County is doing. He said it is strictly an effort to get volunteers into local government areas in the event we ever have a disaster there would be a lot of extra manpower already trained and available.

Chair Bell stated that she felt the concern was that there would be two or three different groups running around, with no one knowing what they were doing. Basically it would all come back under EMS. Mr. Addertion stated that Citizen Corps would not be under him but it is being run by RSVP and they have very specific duties, like starting up a neighborhood watch. According to Mr. Addertion they will be helping during a disaster, but they will not be under EMS direction or control, nor would they be competing with emergency management. Chair Bell stated that the intention was to have citizens out there who were trained and ready to relieve our Emergency Management or Sheriff's Department, up to a certain point. She said it's basically neighbor helping neighbor.

**Motion**-Commissioner Clay moved to adopt the amended consent agenda. Chair Bell seconded. **Motion carried 4-1, with Commissioner Wheatly opposed.**

Increase	110.50.3513.303	St H. Promo/Canc/Glau/Hyper	\$4,300.00

#### **4. Proclamation Declaring February 2003 as African American History Month**

**PROCLAMATION  
AFRICAN AMERICAN HISTORY MONTH  
FEBRUARY 2003**

**WHEREAS**, Dr. Carter G. Woodson, the first director of The Association for the Study of African American Life and History (ASALH), and the second black American to receive a doctorate from Harvard University, began the celebration of Negro History Week in February 1926; and

**WHEREAS**, the second week of February was chosen because it included the birthdates of both Abraham Lincoln and the noted abolitionist Fredrick Douglass, two of the many important Americans who yielded a profound impact on the lives of their fellow countrymen of all colors; and

**WHEREAS**, in 1976, the week's celebration was expanded to include the entire month of February to allow more time to learn about and acknowledge the contributions of Black Americans to the growth, development, and prosperity of the United States of America; and

**WHEREAS**, Black History Month is observed to teach people, young and old, about the history of black people and to commemorate and honor them.

**NOW, THEREFORE, THE CARTERET COUNTY BOARD OF COMMISSIONERS,** hereby proclaim February 2003 as African American History Month in Carteret County and urge our citizens to recognize and celebrate that Black Americans indeed helped to mold and build out country into the great, powerful, progressive and respected nation that it is today.

**ADOPTED**, this the 17<sup>th</sup> day of February 2003.

Bettie H. Bell, Chair  
Carteret County  
Board of Commissioners

Attest:

Jeanette Deese, Deputy Clerk

5. Proclamation Honoring Newport Police Chief Charles “Ruff” Tomlinson

PROCLAMATION  
HONORING  
TOWN OF NEWPORT CHIEF OF POLICE  
CHARLES “RUFF” TOMLINSON

**WHEREAS**, Charles “Ruff” Tomlinson began his career with the Town of Newport in 1972 as a Patrolman; and

**WHEREAS**, Charles “Ruff” Tomlinson was promoted to Lieutenant in 1976 and later that year earned the rank of Chief of Police, upon the retirement of former Chief Billy Smith; and

**WHEREAS**, during Chief Tomlinson’s tenure, the Town of Newport has maintained one of the lowest crime rates among Towns of its size throughout the State of North Carolina; and

**WHEREAS**, Chief Tomlinson is retiring as Chief of Police of the Town of Newport, effective February 28, 2003, after 32 years of service.

**NOW THEREFORE, BE IT PROCLAIMED**, that the Carteret County Board of Commissioners does hereby acknowledge that Chief Charles “Ruff” Tomlinson has been a faithful and dedicated public servant to the citizens of the Town of Newport and the County of Carteret.

**BE IT FURTHER PROCLAIMED**, that the Carteret County Board of Commissioners extends their appreciation to Chief Charles “Ruff” Tomlinson for his service and wishes him a happy and well-deserved retirement.

**ADOPTED**, this the 17<sup>th</sup> day of February 2003.

6. Resolution Supporting the Creation of the Citizen Corps Council

CARTERET COUNTY BOARD OF COMMISSIONERS  
RESOLUTION  
SUPPORTING THE CREATION OF  
THE CITIZEN CORPS COUNCIL

**WHEREAS**, Citizen Corps is a component of USA Freedom Corps, a national initiative created in an effort to help people answer the call to service by strengthening and expanding service opportunities for them to protect our homeland and support communities; and

**WHEREAS**, the purpose is to develop a systematic, efficient and effective method for providing public education, stimulating wide-spread participation; and organizing volunteer programs to make our community safer, stronger, and better prepared for all situations; and

**WHEREAS**, the goal of Citizen Corps Council is to make our community a safer place in which to live, work and play; and provide opportunities for all people to participate.

**NOW, THEREFORE, BE IT RESOLVED**, by the Carteret County Board of Commissioners that the creation of a Carteret County Citizen Corps Council is fully encouraged and endorsed.

**ADOPTED**, this the 17<sup>th</sup> day of February 2003.

#### **IV. PUBLIC COMMENT**

Captain Jim Willis, of Atlantic Beach, spoke about beach erosion and his observations on Bogue Banks since 1961. He hopes to present results from a test he's been doing over thirty years that will prove the theory of the Corps of Engineers was wrong.

Polly Pruitt, of Cape Carteret, spoke about the upcoming "Relay for Life", which raises monies for the American Cancer Society. Their goal is to raise \$125,000 this year. The next meeting for team captains will be March 11<sup>th</sup> at 7:00 at Captain Bill's Restaurant. Ms. Pruitt said she would be asking the Board, at their first meeting in May, to approve a Proclamation declaring the week of May 11-17, 2003 as "Relay for Life Week in Carteret County".

Gayle Smy, of Morehead City, spoke about funding for The Outer Banks Wildlife Shelter. She said they took in 1236 animals last year, which was 20% more than the previous year. Ms. Smy said their donations were down by 20%. The average cost to treat an animal is around \$70.00 and over 40% of the animals they take in are returned to the wild. She asked the Board to consider an appropriation for the shelter in their upcoming budget deliberations.

John Grady, of Emerald Isle, spoke about the performance/financial audit of the School System. He wished there had been a little more money to have gone further with the audit. He thanked the Board for allowing him to speak and welcomed Ms. Hinshaw. He referred to the spending by the School System as a "Run Away Train" and felt it was time to "Hit the brakes on the excessive spending". He also said it was time for our School Board to open up the meetings to the public, the parents and the citizens of this County.

#### **V. REPAIRS TO THE DEPARTMENT OF SOCIAL SERVICES BUILDING**

Robert Eason reported that in October the Board of Commissioners approved a contract with Murray Construction Company out of Swansboro to do repairs to the Social Services Building. At the time the bid was accepted, there was the possibility of damage under the fascia boards and the gable ends that could not be determined until the siding had been removed. The project is approximately 80% complete. Mr. Eason provided photos of the damage that was discovered when the siding was removed. According to Mr. Eason, the fascia board and sub-fascia boards will need to be replaced. The sub-fascia board is being replaced with wood. The fascia board is being replaced by a PVC board, which will not rot. The gabled ends are being replaced with hardy board. Mr. Eason explained that when the fascia boards were removed, it was also discovered that when the original roof was put on the building the nails went through the drip edge, which is the copper edging. There is considerable damage to this area also. If this not replaced now there will be holes that water could get in and go behind the fascia board and get into the sub-fascia board, which is wood, and create more damage. Mr. Eason felt this needed to be replaced to prevent future problems. Also, when the fascia boards and sub-fascia boards were removed, unavoidable damage occurred to some of the crown molding.

Mr. Eason said when DSS did the budget for this current year, \$90,000 was allocated for the repairs. At that time the figure was a guesstimate because there was no way to determine how much damage had occurred. The lowest bid came in at \$84,000, so there is still money remaining in the current budget. According to Mr. Eason, a total of \$479 was spent for paint since the Purchasing Agent felt we could get the paint much cheaper through the state contract. The contractor is doing the painting, but the County purchased the paint, which was a couple thousand dollars savings. There is \$5,240 left of \$90,000. The total of the change order is \$15,026. Approximately 65% of the cost of repairs to the DSS building is received from the State and Federal government; therefore approximately \$6,361 will be received from the State and that leaves a total of about \$3,425. Mr. Eason said he spoke with Dee Harris, the Finance Director, and they reviewed DSS's budget and felt that DSS could come up with the additional \$3,425. Mr. Eason said DSS isn't really asking for any additional monies, they are just following procedure by submitting a change order and budget amendments.

Chair Bell asked the age of the Social Services building. Mr. Eason stated that the original building is about 32 years old and the addition is about 10 years old. Chair Bell asked if it is the addition that has the damage or the older portion of the building. Mr. Eason informed the Board that both buildings have damage. When the original buildings roof was put on, it was nailed to the fascia board. This is what caused the damage to the drip edge. Mr. Eason stated that Ron Settle had been a tremendous help to him in overseeing the project.

Commissioner Muns voiced his concern that the County has a maintenance staff that should be able to perform work, such as painting and wanted to know if Mr. Eason had contacted the County Manager or the Interim County Manager to find out if the County had anybody on staff, that the County was paying anyway, that could do some of this work. Mr. Eason stated that he had not. Commissioner Muns asked how much we were paying the contractor for the painting that's being done. Mr. Eason said the painting was included in his total price, so it wasn't itemized. Commissioner Muns was bothered that we are paying an in-house maintenance staff and we have to pay contractor prices to get things like painting done. Mr. Eason explained that the extent of work was probably beyond the scope of work that the maintenance folks could really handle. He said this has been a very big project and it has required the work of approximately seven (7) to eight (8) men about the last two (2) months. He didn't feel the limited in-house maintenance staff could possibly have done the project and continued with the other duties they have. Commissioner Muns said he understood that they couldn't do all of the work because some things require specialists; however, he still had a problem with contracting much of the County's maintenance work out. Mr. Eason noted that Social Services has had outstanding support from the County Maintenance staff. Commissioner Muns asked the County Manager to look into the feasibility of the

County coming up with a contracting officer to look at things that need to be done around the County so the maintenance department and the department heads don't have to make a determination on whether they are qualified or not.

Commissioner Wheatly expressed concern that nothing at DSS or any other building project ever came in under budget. Mr. Eason explained that they knew from the beginning that there would probably be some rot and damage underneath the fascia boards and some of the rafters; however if they told the contractor they wanted everything fixed that was rotten, the bids would have come in extremely high. Commissioner Wheatly felt contractors knew they could submit change orders for everything done for County Government. Mr. Eason said there were several things the contractor requested in their change order that he refused to consider. Commissioner Wheatly asked Mr. Eason if he had asked any other contractors to look at this additional work and price it. Mr. Eason said he had not because he didn't think another contractor would want to come in at this point and take over a project that is 80% complete. Commissioner Wheatly expressed concern that the change order was for about 20% of the cost of the project.

Commissioner Robinson expressed concern that everybody should be bidding on the same thing. Mr. Eason assured that everyone bid on the same thing but they just didn't know the extent of the damage.

Chair Bell reiterated Commissioner Muns' comments. She felt the County needed an ongoing maintenance program in order to prevent this type of thing from happening. County Manager Hinshaw agreed and said the maintenance department would be working with her and addressing some of those issues.

**Motion**-Commissioner Muns moved to approve a change order to contract with Rufus Murray Commercial Roofing Systems, Inc. in the amount of \$15,026 to cover the cost of additional repairs to the DSS building. Chair Bell seconded. **Motion carried 4-1, with Commissioner Wheatly opposed.**

Project Appropriation	\$90,000
Contract Expenditures & Encumbrances to date (\$479 for paint included)	<div><div>\$84,760</div><div>\$5,240</div></div>
Funds from existing DSS Budget (35%)	\$3,425
Funds from State (65%)	<div><div>\$6,361</div><div>\$15,026</div></div>

**Motion**-Commissioner Muns moved to approve a budget amendment in the amount of \$6,361 to appropriate state funds that will pay for 65% of the additional DSS building repairs. Commissioner Robinson seconded. **Motion carried unanimously.**

Carteret County

VI. UPDATE ON THE HWY. 101 WATER PROJECT

Tyndall Lewis of McDavid Associates, Inc. updated the Board on the Hwy. 101 water project. He said the project consists primarily of two components, water distribution improvements and construction of a water treatment plant. The water distributions contract is with T.A. Loving Company out of Goldsboro. This contract consists of installing approximately 25 miles of water lines through the Hwy. 101 corridor over to Mill Creek and up to Harlowe. Mr. Lewis reminded the Board that they approved a change order to that contract in December which added two additional streets to the project (Long Leaf and Rosemary Drive.) The original contract, plus the change order work has been completed and they are now in the process of connecting or turning on water lines and allowing people to connect to the system. There were approximately 375 additional homes picked-up through this project and there are currently approximately 175 customers using the system. Mr. Lewis said he anticipated one additional change order to add Eastman Creek to the system. Eastman Creek is a proposed subdivision on the west side of Hwy 101. Any change order to add Eastman Creek to the system will be paid for 100% by the developer.

Mr. Lewis said they were ready to send out notices to customers notifying that they can begin connecting to the lines. In order to accomplish this, the County will need to negotiate an amendment or an adjustment to

Beaufort's contract, such that Beaufort can make the necessary arrangements to connect the individuals to the system.

Mr. Lewis explained that the second component of the project involves a water treatment plant. The contract for that work is with Crane & Dembo out of Durham. The plant work consists of iron removal and softening facilities to treat approximately 600,000 gallons of water per day. He anticipates that the treatment plant will be finished by mid-April. It will take about 6 weeks to bring the plant on-line so that it will begin producing softened water. He expected that the plant will be on-line and operational by June. Mr. Lewis said it is appropriate, at this time, to either hire personnel on behalf of the County to operate the system or renegotiate the operational agreement with the Town of Beaufort.

Mr. Lewis anticipated that Phase II would be going into construction sometime this summer. Phase II consists of extending water on Hwy. 101 back toward Beaufort and along Hwy. 70 from Merrimon Road back toward Beaufort. He estimated about 900 homes in the area and 85-95% participation or sign-up from those homes. Mr. Lewis anticipated the work on Phase II to take approximately a year to complete; therefore by July 2004 the County could have a water system with about 1300 customers on-line.

Commissioner Muns questioned when the contract with Beaufort expires. Ms. Hinshaw said it expired in 1994 but continues on a year-to-year basis because of the approval of both parties. She indicated that the County needs to decide if they want to re-negotiate a contract with the Town of Beaufort. The Town has presented some numbers and indicated they propose \$120,778 to operate the system. On the other hand, the County could negotiate a short-term agreement with the Town to operate the system until which time the County could begin operating the system itself. The County would actually incur some up-front costs to set up the enterprise department and Ms. Hinshaw proposed that it would be an enterprise department with no County tax dollars involved. She felt the system would pay for itself and recommended that the County operate the system. Ms. Hinshaw said an operations person would need to be on-board by at least April 1<sup>st</sup> in order to bring the treatment plant on-line. She said she had also investigated the installation of a billing system through the Finance Department. She anticipated about \$30,000 to bring the employee on-board, about \$15,000-\$20,000 for computer software and training for the Finance Department staff to get on-line, and some additional upfront cost money. Ms. Hinshaw said the County could loan the money to the Water Department until which time they were up and operational and actually receiving revenues. The enterprise fund would pay the County back. In closing, Ms. Hinshaw suggested that the Board continue to work with the Town of Beaufort to supply water to the County citizens.

## **VII. MANAGER'S REPORT**

County Manager Hinshaw reviewed the following written report:

### Joint Meeting with School Board

*The Board of Commissioners will meet with the County School Board on Thursday, February 20, 2003 at 6:00 PM at the CMAST Building at the Community College. The meeting will be informal and focus on discussion between the Board members. No public input session has been scheduled. There will be dinner available so if you would like to get there about a quarter till or 5:30, we will have that ready for you.*

### Board of Commissioners Retreat

*The Board of Commissioners will have a retreat on February 28, 2003 at the Trinity Center. The focus of the meeting will be identify issues that the Board will address in the Budgeting process. The meeting will begin at 8:30 AM and end at 3:00 Pm.*

### Distinguished Budget Award

*The Government Finance Officers Association has notified us that the Carteret County Finance Department has received the Distinguished Budget Presentation Award for the current fiscal year. We will be making arrangements for a formal presentation at an upcoming Board of Commissioners meeting.*

(End of written report)

### Eastern Region Environmental & Infrastructural Committee

Ms. Hinshaw asked if anyone was interested in attending the "Protecting the Environment in the Post 9-11 Era" meeting. This is being arranged by the NC Eastern Region (GTP) and the Environmental & Infrastructural Committee and they have agreed to pay for one of the Commissioners to attend.

### Mental Health Reform Workshop

Ms. Hinshaw informed the Board of a workshop on Mental Health Reform sponsored by the NC Association of County Commissioners. The workshop is scheduled for February 21<sup>st</sup> in Pitt County.

### Water Resources Congress Trip

Ms. Hinshaw informed the Board that the NC Water Resources Congress would be traveling to Washington, DC for their annual meeting on March 5-6, if anyone was interested in attending..

### Introduction of Tax Administrator

Ms. Hinshaw introduced Carl Tilghman, the new County Tax Administrator. Mr. Tilghman stated that he would be sending out about 5,000 tax letters to delinquent taxpayers this week. He said the Tax Department will be

coming back to the Board in March for a Resolution allowing them to advertise those who have not paid. He encouraged all taxpayers to pay their taxes promptly.

**EMERGENCY SERVICES REPORT**

Mike Addertion reported on the Home Land Security field. He said about eleven (11) days ago the country went on an Orange Alert (High Alert) for potential terrorism in the United States. Mr. Addertion said this generated a lot of phone calls to EMS from citizens concerned about what they should do to prepare. He said EMS has instructed individuals to prepare just as they would for a hurricane or any other natural disaster by stocking three (3) to five (5) days worth of food, water and other essential supplies. They have also been suggesting that citizens prepare a family plan in the event something happens while they are away from their homes and families. This plan should include a central location to meet, communication plan with phone numbers that they would be able to reach each other and to have a way to get good information. Mr. Addertion said a lot of these alerts are geared towards the big cities, like New York, Washington, and Los Angeles. He said If there are going to be attacks, they are going to be at significant media areas, where there is a lot of coverage and symbols but Carteret County still needs to be prepared because of the location of a couple significant military bases and the Port.

**VIII. APPOINTMENTS**

**BOARD OF EQUALIZATION AND REVIEW**

**Nomination**-Commissioner Muns nominated Betty Mann for reappointment as his representative. **Nomination carried unanimously.**

**Nomination**-Commissioner Robinson nominated Jerry Stockdale on behalf of Commissioner Dawsey. **Nomination carried unanimously.**

The Board agreed to table Commissioners Brady and Clay’s appointments.

**EASTERN CAROLINA COUNCIL REGIONAL WASTEWATER COORDINATING COUNCIL**

**Nomination**-Chair Bell nominated County Manager Mary Ann Hinshaw to serve as a regular member of the Council. **Nomination carried unanimously.**

**IX. CLOSED SESSION – PURSUANT TO G.S. 143-318.11 FOR THE PERMITTED PURPOSE OF DISCUSSING CONTRACT NEGOTIATIONS**

**MOTION** – Commissioner Robinson moved to go into closed session, pursuant to G.S. 143-318.11 for the permitted purpose of discussing contract negotiations. Commissioner Muns seconded. **Motion carried unanimously.**

**MOTION** – Commissioner Muns moved to return to regular session. Commissioner Wheatly seconded. **Motion carried unanimously.**

**X. ADJOURNMENT**

**Motion**-Commissioner Muns moved to adjourn. Commissioner Robinson seconded. **Motion carried unanimously.**
